

A resolution by the

# Whitman County Library Board of Trustees

**Whereas** the Board of Whitman County Library has determined that the Library District has a substantial financial need for 2022, requiring the whole 1% increase. The library needs the additional funds for rising payroll costs including the increase in minimum wage for 2022 and increased unemployment costs. Therefore the Whitman County Library District needs the 1% increase to balance the budget and to continue to provide excellent service to our residents.

26 day of Oct., 2021.
