What is a Friend?

FRIENDS focus on improving people's lives. They support essential library services, local programs, special projects, community education & long term goals through the WCL Foundation.

FRIENDS believe in libraries—
Libraries change lives and our Friends really do believe that!

Through advocacy and support, they spread the word about the value of the library.

FRIENDS volunteer – Tell us where your interests lie and we'll find you a rewarding, hands-on opportunity to make a difference.

FRIENDS have fun – Friends are an enthusiastic group of people that believe in having fun while supporting a great community cause.

FRIENDS provide funding – They lend support to important areas that would otherwise go unfunded. This support is even more critical in lean funding years.

Anyone can be a FRIEND– Friends business meetings are typically held quarterly at the Colfax Library branch.
Please join us!

*Thanks for supporting
the library!*
